about our brand

'Enjoy the little things'

It's the little moments in daily life that bring us true happiness - seeing a smile on a child's face, a newborn sleeping peacefully, enjoying a cosy family dinner, or playing with your children. It might be a nursery that feels warm and comforting, or a care product you genuinely love using.

Little Dutch encourages children and their parents to enjoy the little things in life. We're all about love and family. Everyday rituals and unexpected adventures - from playing and sleeping to caring and having fun.

Our catalogue

Our catalogue shows the complete Little Dutch range, available to order year-round. We also offer separate brochures for seasonal collections - please ask your supplier for more information about these.

In this catalogue, all products are grouped by collection including article numbers and descriptions as used by your supplier.

For detailed product information and current specifications, please visit:
www.little-dutch.com.

little dutch
enjoy the little things

Dear partner,

Welcome to the 2026 Little Dutch catalogue, where softness, imagination, and a sense of wonder come together in all the little details.

At Little Dutch, we believe that the early years are shaped by the smallest things - a warm cuddle, a gentle colour, a moment of play. That's why every product we create, from wooden toys to baby essentials, and seasonal outfits to thoughtful gifts, is designed to help families and their children enjoy the little moments that matter most.

Our brand is rooted in harmony and connection. Each theme begins with a story and grows into a complete world that flows into each category. Coordinated colours and matching prints tie everything together, so toys complement textiles, clothing connects to decoration, and even the tiniest details feel part of something bigger.

This is what makes Little Dutch both a concept and a lifestyle brand.

From the first sketch to the final detail, everything we create is thoughtfully developed in-house by our own team of designers and brand specialists. This allows us to shape every product with care, consistency, and purpose.

Discover our newest theme Safari Friends - from seasonal highlights to timeless essentials. We hope it brings you inspiration, joy, and all the tools you need to invite your customers to a world of wonder; the world of Little Dutch.

Enjoy the little moments,

Rinke van der Helm
founder Little Dutch

meet our
newest friends

Lion

Tough on the outside, but with a soft heart. Lion is brave without the *roarr*, always ready to help. He'd rather rest in the shade than pose on a rock, prouder of his friends than of himself. Don't mistake his silence for weakness: he's quietly courageous.

Ranger Jim

Meet Jim: Safari Ranger, builder of wild things, and proud owner of entirely too much blue. He can rig up a treehouse, a river swing, or a cart that nearly survives a hippo test-drive. He always has a tool in hand, a stick, some string, or something that definitely used to be important! For advice, he asks Lion. For trouble, he just follows Rosa. He yells "Be careful!" but by then she's already mid-swing. Together, they're a dream team: Jim turns the jungle in Rosa's head into real-life adventures.

Giraffe

Soft, dreamy, and full of wonder. Giraffe is the first to spot the sun, the stars, and the rainbow. She moves through the world with legs everywhere and a heart wide open. She loves to dance, even if her legs sometimes get all tangled up.

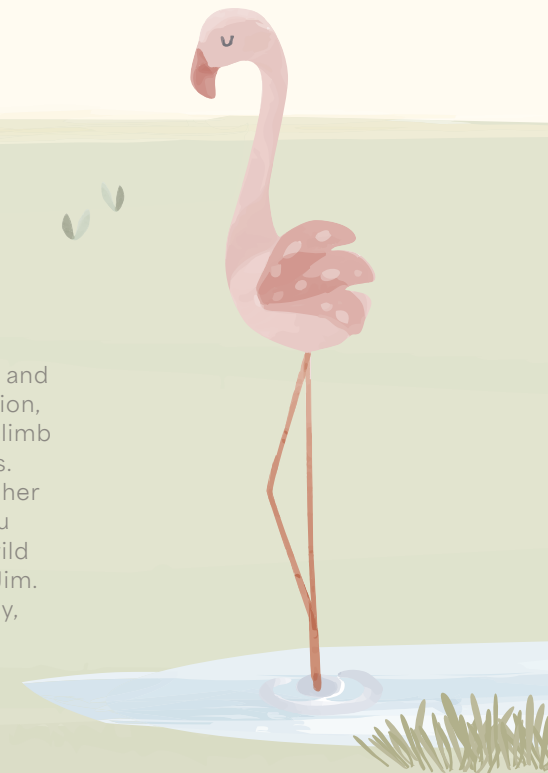

Elephant

Steady, gentle, and the wisest in the savannah. Elephant always knows how to lift you up: when Giraffe feels too tall, or Flamingo's trying to find her balance. He's the first to help, the last to sleep. And when the stars come out, he keeps watch, whispering, "You're safe with me."

Flamingo

Elegant, pink, and full of sparkle. Flamingo loves beauty, but not just her own. She sees it in everyone. "Giraffe, you're wonderfully tall!" No wonder the sun follows her, the stars shine brighter near her legs, and the water dances when she walks by. Because Flamingo isn't just the most beautiful, she's the kindest friend you'll ever meet. After all, she believes true beauty isn't on the outside, it shines from within.

Ranger Rosa

Meet Rosa: Safari Ranger, idea-catcher, and fearless explorer. She roars with Baby Lion, dives in with Hippo, and isn't afraid to climb Giraffe's back to chase a sky full of stars. The dry savannah dust always clings to her trousers, but if you're not messy, did you even play? Her head's full of a million wild adventures, most of them shared with Jim. With Rosa, nothing's too silly, too muddy, or... too impossible.

Crocodile

Looks fierce, but he's all fun. Crocodile would rather float and tell bad jokes than chase or bite (though he might pretend, just for laughs). A little lazy, always silly, and happiest when everyone's giggling. Don't worry, he only uses those teeth to smile. The books say he should be snappy, but his motto is: "Don't worry, be happy." He once caught his reflection and panicked: "Who invited that terrifying guy?" The sweetest, strangest crocodile you'll ever meet. Unless you hate puns. Then... beware. he turns just as pink.

about the collection

Transform the baby and kids room into a warm, stylish space filled with thoughtful details with our latest collections. At Little Dutch, it's about more than just pretty things. It's about atmosphere, emotion and ease. That's why our baby and kids room collection has been completely styled in the spirit of Safari Friends, with love for detail, thoughtful combinations and a strong focus on the imagination of children.

Discover our 3 charming prints: Safari Wonders, Safari Leo and Blooming Safari. Everything works: from bedding to bath capes, sleeping bags and decoration. Mix and match as you like, because these prints combine beautifully with the refined colours pure Sage and pure Pink Blush of the essential collection.

A room where a child can be itself. Where playing, sleeping and discovering all come together. The Safari Friends collection features soft colours, full of carefully crafted details and made to grow with a child. Everything is tailored to the world of small adventurers, with just a touch of savannah, of course.

nightwear

about our collection

As the sun sets over the savannah, little adventurers drift into dreams surrounded by their Safari Friends. Made from soft, breathable organic cotton, our nightwear is gentle on delicate skin and designed for easy dressing with full snap closures. Playful prints of lions, flamingos, giraffes, and flowers bring the magic of the day into cozy nighttime moments. Beautifully packaged and perfectly matched with the new bedding and textile collection – Oekotex certified for peaceful, comfortable sleep.

how to order

Little Dutch collaborates with several trusted license partners to successfully develop the comprehensive Little Dutch concept. Together, under our supervision, we offer textiles, clothing and decoration as well as toys and care products for babies and small children. All under the brand name Little Dutch so that consumers continue to perceive Little Dutch as one and the same brand and concept.

In other words, Little Dutch Trading supplies part of the product categories such as textile, clothing and home decoration. The other parts of the range are supplied by different license partners. The list below shows all our license partners with a color indicator. This indicator can be found on the pages and in the product details in this catalogue so that you know which license partner to contact.

You can find the new and current collections of Little Dutch Trading in our B2B webshop: <https://dealers.little-dutch.com>. Please use this portal to place and track your orders. If you are not a reseller yet, you can find a form in this webshop to apply to become one.
