enjoy the little things

about our brand

'Enjoy the little things'

It's the little moments in daily life that bring us true happiness - seeing a smile on a child's face, a newborn sleeping peacefully, enjoying a cosy family dinner, or playing with your children. It might be a nursery that feels warm and comforting, or a care product you genuinely love using.

Little Dutch encourages children and their parents to enjoy the little things in life. We're all about love and family. Everyday rituals and unexpected adventures - from playing and sleeping to caring and having fun.

Our catalogue

Our catalogue shows the complete Little Dutch range, available to order year-round. We also offer separate brochures for seasonal collections - please ask your supplier for more information about these.

In this catalogue, all products are grouped by collection including article numbers and descriptions as used by your supplier. For detailed product information and current specifications, please visit: www.little-dutch.com.

little dutch
enjoy the little things

Dear partner,

Welcome to the 2025-2026 Little Dutch catalogue, where softness, imagination, and a sense of wonder come together in all the little details.

At Little Dutch, we believe that the early years are shaped by the smallest things - a warm cuddle, a gentle colour, a moment of play. That's why every product we create, from wooden toys to baby essentials, and seasonal outfits to thoughtful gifts, is designed to help families and their children enjoy the little moments that matter most.

Our brand is rooted in harmony and connection. Each theme begins with a story and grows into a complete world that flows into each category. Coordinated colours and matching prints tie everything together, so toys complement textiles, clothing connects to decoration, and even the tiniest details feel part of something bigger.

This is what makes Little Dutch both a concept and a lifestyle brand.

From the first sketch to the final detail, everything we create is thoughtfully developed in-house by our own team of designers and brand specialists. This allows us to shape every product with care, consistency, and purpose.

Discover our full universe - from seasonal highlights to timeless essentials. We hope it brings you inspiration, joy, and all the tools you need to invite your customers to a world of wonder; the world of Little Dutch.

Enjoy the little moments,

Rinke van der Helm
founder Little Dutch

about the collection

Step into the gentle world of Newborn Naturals – a place where care and tenderness are at the heart of everything. You can feel it in every detail and see it in every design. With neutral tones and delicate materials – like soft cotton and finely woven fabrics – everything comes together to offer safety and softness for the littlest ones.

The prints featuring Baby Bunny and Little Goose add a subtle sense of wonder. In this serene world, Little Goose waddles through peaceful meadows, while Baby Bunny quietly hops among the wildflowers. Their delicate designs bring a gentle charm and make each item feel truly special.

The Newborn Naturals collection stands out for its simplicity: a pure, timeless colour palette and calm prints that pair perfectly with the Essentials in Pure Soft Beige and Pure Soft White.

The collection is available from size 44, making it suitable for even the tiniest of newborns.

Every item in this collection is made with love and care – soft to the touch, comfortable to wear, and easy to mix and match. Newborn Naturals is the perfect start for every newborn baby's journey.

fairy garden

about our collection

Step into the colourful world of Fairy Garden and wander into a flowery field near the edge of the forest, where all kinds of flowers grow. Fairies live there too, and they sing and dance. They take care of the flowers and have fun with their forest friends like squirrels and cute little hedgehogs. Butterflies fly around the flowers, and deer live nearby in the forest. The fairies enjoy the sound of singing birds and dance in beautiful dresses with the most gorgeous wings that sparkle in the sunlight.

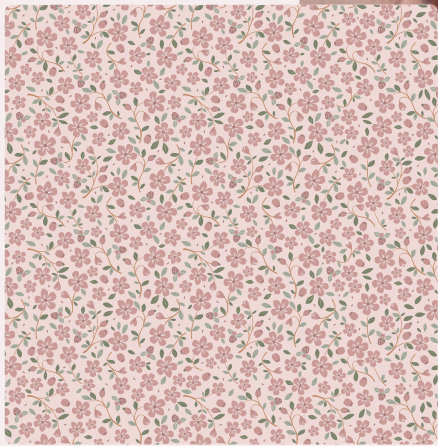

Everything in the Fairy Garden collection is made with care and attention to detail, so it looks beautiful and feels comfy. The beautiful, digitally printed designs feature birds, flowers showcasing vibrant colors with added depth. All illustrations are drawn by hand with lots of care and love. Every design shows the special world of fairies, flowers and animal friends, making it a place of wonder and happiness for children. This theme is translated in the designs: Fairy Wonders, Fairy Floral and Fairy Blossom which perfectly match the colour Pure Blossom, Pure Pink Blush and Pure Soft White of the Pure collection.

fairy garden

Step into the colourful world of Fairy Garden and wander into a flowery field near the edge of the forest, where all kinds of flowers grow. Fairies live there too, and they sing and dance. They take care of the flowers and have fun with their forest friends like squirrels and cute little hedgehogs. Butterflies fly around the flowers, and deer live nearby in the forest. The fairies enjoy the sound of singing birds and dance in beautiful dresses with the most gorgeous wings that sparkle in the sunlight.

Everything in the Fairy Garden collection is made with care and attention to detail, so it looks beautiful and feels comfy. The beautiful, digitally printed designs feature birds, flowers showcasing vibrant colors with added depth. All illustrations are drawn by hand with lots of care and love. Every design shows the special world of fairies, flowers and animal friends, making it a place of wonder and happiness for children. The Newborn Forest Friends collection captures the tender and pure essence of newborns, showcasing new fabrics: pointelle and jacquard. Lovely delicate fabrics with a light and airy texture that provides comfort and softness for your baby's sensitive skin.

We make every effort to ensure your little one's life is as comfortable as possible, which is why our products are designed with love and attention to detail. Each item is finished with lovely little details such as embroidery in the theme: cute flowers for girls and forest treasures for boys, including mushrooms, leaves, foxes and eagles. Other delightful touches include flower-shaped buttons, cute necktapes and ruffles. The use of organic cotton fabrics enhances the softness and overall comfort of our products for your little one.

about the collection

Step into the creative world of Jim and Rosa – a place where every child can create with an open mind.

Rosa is an imaginative dreamer, a maker, and a lover of the little things. With a head full of ideas and a heart that beats for flowers, animals, and colors, she discovers the wonder in everyday things. Rosa shows children how big imagination can be in a small moment. Her world is soft and safe, filled with warm pastel tones, cheerful prints, and natural shapes. Everything revolves around wonder, creativity, and playful discovery. Rosa's world invites children to create, dream up stories, and shape their own dream world with colored pencils, scissors, stickers, and most of all: imagination.

Jim is a builder, an explorer, an inventor of bold ideas. With pockets full of tape, cardboard, and loose parts, he builds his own world – a garage, a fire station, or even a rocket. With a head full of ideas and a toolbox packed with imagination, Jim turns an empty table into a workshop. Every project is an adventure. Jim's world is bold, cheerful, and always on the move. His collection is filled with tough vehicles, crafting kits, and sticker stories that invite children to take action, build, and explore.
