

A close-up photograph of a woman with long dark hair holding a baby. The baby is wrapped in a light pink towel with small floral patterns. The woman is looking down at the baby, and the baby is looking directly at the camera. The background is softly blurred, showing a wooden cabinet with circular mirrors.

Welcome to the world of Little Dutch.

Where the magic is in the little things

Thank you for taking a moment to explore our new brochure. Inside, you'll find a complete overview of our never-out-of-stock collection for children aged 0 to 4 - thoughtfully designed with attention to detail, quality, and imagination.

At Little Dutch, we believe in the power of little moments. A gentle touch. A first smile. A lingering glance. What may seem normal is often extraordinarily beautiful. Parents want to cherish these moments - and we're here to help. With collections that are not only beautiful to look at but also to wonder.

Every design starts with an idea. Nothing is left to chance. We carefully consider colors, fits, how a fabric feels - and how it lasts. A print only succeeds when it sparks the imagination. A sweater isn't complete without a subtle detail. Everything must be soft, comfortable, and withstand a little rough and tumble. Because we believe you should never have to choose between beauty and practicality.

Be inspired by the soft style of Newborn Naturals, where Little Goose and Baby Bunny come together in a warm, natural line. Combine it with the timeless tones of our Essentials in Pure Soft Beige and Soft White. Or opt for the dreamy atmosphere of Fairy Garden, the bold character of Forest Friends, or the familiar warmth of Little Farm.

This brochure is your guide to collections that harmonize perfectly, are available all year round, and are endlessly mixable and matchable. That way, you can create a strong, stylish display - tailored to your store and your customer.

Let yourself be surprised. Let yourself be amazed.

about our Newborn Naturals collection

Newborn Naturals

Step into the gentle world of Newborn Naturals – a place where care and tenderness are at the heart of everything. You can feel it in every detail and see it in every design. With neutral tones and delicate materials – like soft cotton and finely woven fabrics – everything comes together to offer safety and softness for the littlest ones.

The prints featuring Baby Bunny and Little Goose add a subtle sense of wonder. In this serene world, Little Goose waddles through peaceful meadows, while Baby Bunny quietly hops among the wildflowers. Their delicate designs bring a gentle charm and make each item feel truly special.

The Newborn Naturals collection stands out for its simplicity: a pure, timeless color palette and calm prints that pair perfectly with the Essentials in Pure Soft Beige and Pure Soft White. The collection is available from size 44, making it suitable for even the tiniest of newborns.

Every item in this collection is made with love and care – soft to the touch, comfortable to wear, and easy to mix and match. Newborn Naturals is the perfect start for every newborn baby’s journey.

about our Fairy Garden collection

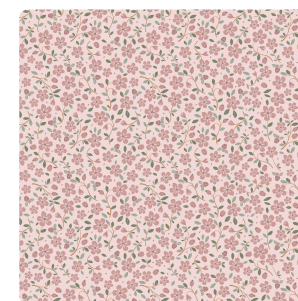

Fairy Garden

Step into the colorful world of Fairy Garden and wander into a flowery field near the edge of the forest, where all kinds of flowers grow. Fairies live there too, and they sing and dance. They take care of the flowers and have fun with their forest friends like squirrels and cute little hedgehogs. Butterflies fly around the flowers, and deer live nearby in the forest. The fairies enjoy the sound of singing birds and dance in beautiful dresses with the most gorgeous wings that sparkle in the sunlight.

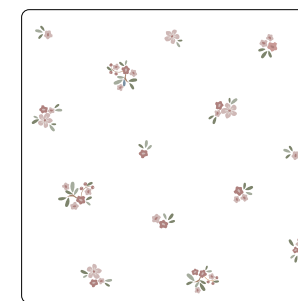

Everything in the Fairy Garden collection is made with care and attention to detail, so it looks beautiful and feels comfy. The beautiful, digitally printed designs feature birds, flowers showcasing vibrant colors with added depth. All illustrations are drawn by hand with lots of care and love. Every design shows the special world of fairies, flowers and animal friends, making it a place of wonder and happiness for children. This theme is translated in the dessins: Fairy Wonders, Fairy Floral and Fairy Blossom which perfectly match the color Pure Blossom, Pure Pink Blush and Pure Soft White of the Pure collection.

about our Forest Friends collection

Forest Friends

Discover the Forest Friends theme, which sparks imagination and makes you dream of adventures with all the animals in the forest. Forest Friends live deep in the forest, surrounded by beautiful greenery in which they gather lovely mushrooms and all sorts of plants. They enjoy dressing up as their gentle forest animal friends like foxes and squirrels. You can find all kinds of adventurous animals among the tall trees like hedgehogs and owls.

Every piece in the Forest Friends Collection is made with a lot of care and attention to ensure the theme comes to life for children. Items feature unique hand drawn illustrations and embroidered details of all these Forest Friends. The story is told through three different designs: Forest Wonders, Forest Adventure and Forest Treasures. They show all different animals and a variety of plants. The prints match perfectly with the soft colors of the Pure collection's Pure Denim Blue and Pure Soft White.

about our Essentials Blueberry Leaves collection

Essentials Blueberry Leaves

Introducing our Essentials collection featuring the Blueberry Leaves print, inspired by the forest with adorable leaves and blueberries on a soft off-white base. The calming gray-green hue, Pure Sage of the Pure collection, adds a beautiful and contrasting touch to the Blueberry Leaves items. Or consider Pure Soft White for a tranquil and peaceful ambiance in the nursery.

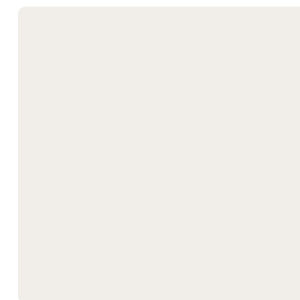

The collection includes cozy blankets suitable for both summer and winter, including a new addition: quilted interlock quality for extra warmth. Each piece is crafted from 100% organic cotton, designed to provide high comfort and gentlest softness for babies and toddlers. The hydrophilic fabric offers softness, moisture absorption, and breathability. Our washcloths, hooded towels, and bathrobes feature a new terry cloth quality that feels soft, adorned with embroidered details.
