little dutch

enjoy the little things

hi there, 

We're so glad you're browsing through our new summer brochure, full of inspiration from our latest newborn and toddler collection. As always, every item has been designed with love and care. Enjoy the little things is our tagline. But it's much more than just a line under our logo. It's a feeling that runs through everything we do, create, and imagine at Little Dutch.

This collection was created from that same mindset. Every piece starts with an idea. Nothing slips through unnoticed. We think about quality, about how a fabric feels, but most of all: about the children who will wear it.

A print only works if it sparks the imagination. A sweater isn't finished without a subtle embroidered detail. And fabric? It has to look beautiful, but more importantly, feel soft to the touch. Everything is made to move, play, laugh and dance comfortably. Because we believe you should never have to choose between style and practicality.

In the end, it's the children who bring this collection to life. They roll through mud and grass in our trousers. Take our jackets on wild adventures. And twirl in our summer dresses.

Made to move, play and dream. Just like the little ones who wear it.

Enjoy our new Summer Collection 2026!

sustainability and safety

Sustainability and safety are very important to us. That's why most of our products are made of organic cotton. Other products are made of recycled polyester or natural materials like viscose or lyocell.

Oeko-Tex

We believe it is important to deliver high-quality, safe products. That's why all of our clothing items are OEKO-TEX certified. OEKO-TEX is a health label for textiles, referring to the safety of the fabrics and other materials used.

If a product has the OEKO-TEX STANDARD 100 label, you can rest assured that every last part of this product, every single thread, button or other accessory, was tested for harmful substances and found harmless to human health.
