

Sustainable Play

2025
Europe

Better Kids, Better World through Sustainable Play

We contribute to child development through Sustainable Play by cultivating a positive attitude towards oneself, society, and the environment. With an enduring mission to help nurture Better Kids, Better World through Sustainable Play, we developed three pillars of sustainability that pave the path for our planet-friendly operations — Sustainable Play, Sustainable Way, and Sustainable World.

PlanToys Carbon Neutrality 2025

Our sustainable ways to reduce carbon emissions

T-VER

5,581
tCO₂e

As a project leader, we collaborated with local farmers on the T-Ver initiative, covering 1,340,112 Sqm. of rubber and palm plantations around the factory. This project aims to reduce approximately 5,581 tCO₂e by 2025.

Annual Reforestation

323
tCO₂e

We have been part of the Plan Love Forest project, the Plan Group's annual reforestation, since 2004. Today, we planted 34,000 trees in total that can reduce carbon emissions by 323 tCO₂e/year

Solar Energy

564
tCO₂e

We installed 1,851 solar panels to reduce carbon emissions from electricity used within our factory. Solar roof usage has reduced our electricity consumption by 44%, reducing carbon emissions by 564 tCO₂e.

Circularity

0
tCO₂e

Scope 1+2
Year 2025

PlanToys' eco-design principles guide our design process, starting from material sourcing, utilizing resources efficiently, and environmentally friendly production processes, including sourcing 65% of materials within 30 km of our factory to reduce transportation emissions and support local communities. We also support rubber farmers by purchasing and upcycling rubber wood that no longer produces latex. In addition, we have after-sale services, such as Toy Rental, a secondhand toy e-marketplace in the USA, and the PlayCycle project, which extend toys' life cycles and prevent them from ending up in landfills.

Empowering Milestones Through Sustainable Play for every stage of life

At PlanToys, we believe that play is essential to development across all ages and abilities. Our commitment is to create thoughtfully designed products that support everyone. By offering a wide range of products, we empower individuals to experience the profound benefits of play, enriching their lives.

We recognize the critical importance of early childhood development, especially during the transformative years from birth to age three. This foundational period shapes physical, cognitive, emotional, and social skills, and our carefully crafted toys stimulate exploration and curiosity, nurturing essential abilities that lead to life-long development.

Milestones evolve throughout life, from infancy to old age, with significant changes marking each stage. Our toys are designed to support these vital milestones, guiding children as they develop independence and problem-solving skills while exploring their world. As they transition into preschool and beyond, we continue to nurture their growth through play that inspires creativity, cooperation, and cognitive development.

Play is a powerful catalyst for effective growth, enhancing the quality of life across all ages. Every change we embrace presents an opportunity for transformative growth and lays a strong foundation for sustainable development. Our understanding of the power of play enables us to create meaningful experiences that enhance lives and strengthen communities. Together, we can shape enriching play experiences and cultivate a brighter future for generations to come through Sustainable Play.

0-6 months

Their Journey Begins with Every Sensation

KEY MILESTONES:

- **Head Control:** Beginning to develop head and neck strength during tummy time.
- **Sensory Discovery:** During 4-6 months, babies explore the world through sight, sound, and touch, making sensory interaction essential for their development.
- **Early Motor Development:** Reflexes evolve into intentional movements, such as grasping, reaching, and rolling over while lying in a prone position.

6-12 months

Crawling, Climbing, Standing, and Discovering Every Day

KEY MILESTONES:

- **Fine Motor Skills:** Using the pincer grasp (thumb and index finger) to pick up small objects, building precise hand and finger control.
- **Gross Motor Development:** Crawling, pulling up, standing, and cruising become central to babies exploring and understanding their surroundings.
- **Cognitive Growth:** Awareness of cause and effect begins, laying the foundation for early problem-solving.

12 months+

Ready to Explore on My Own!

KEY MILESTONES:

- **Motor Skills:** Toddlers develop strength, coordination, and independence through walking, while enhanced hand control enables them to grasp, stack, and build with increasing precision.
- **Language and Comprehension:** Early speech emerges, with toddlers understanding and responding to simple instructions.
- **Auditory Skills:** At this stage, children are drawn to exploring sounds and rhythms, using musical toys to differentiate tones and volumes. These toys support auditory development and early musical awareness.
- **Cause-and-effect Skills:** Children begin to understand cause-and-effect relationships, engaging with toys that respond through sound or movement to reinforce cognitive growth and observational skills.

18 months+

Learning to Play, Share, and Solve!

KEY MILESTONES:

- **Social-Emotional Development:** Children explore self-awareness and curiosity, learn to express their needs, engage in parallel play, and build early cooperative skills.
- **Problem-Solving Progress:** Expanding cognitive skills enable them to approach challenges with curiosity and persistence, finding new solutions independently.

2 years+

Asking Questions, Exploring Ideas, and Building Confidence!

KEY MILESTONES:

- **Emotional Growth:** Children begin expressing emotions openly and develop empathy, building stronger bonds with others.
- **Language Explosion:** Vocabulary rapidly expands, with children forming sentences to express their thoughts and emotions.
- **Motor Mastery:** Enhanced mobility, allowing them to run, jump, and develop refined control over small objects.
- **Imaginative Play:** Children immerse themselves in role-playing, which helps them grasp concepts and develop early social skills.

3 years+

Creating Tiny Worlds, Exploring Roles, and Building Stories!

KEY MILESTONES:

- **Advanced Imaginative Play:** Children develop complex make-believe scenarios, engaging in storytelling and role-playing that foster emotional and social exploration.
- **Peer Interaction:** Imaginative play encourages collaboration with others, fostering negotiation and teamwork during group activities.
- **Language and Communication:** Storytelling activities accelerate language development, enabling children to articulate more refined thoughts and ideas.

inch W x D x H

What is Unit Plus?

This collection of open-ended toys is designed to support each growth stage equally. Toddlers can begin to explore color, shape and size recognition while elementary-aged children develop further understanding of foundational math skills. The standardized size of each item in the collection makes it possible for the sets to be played with alongside the others to enlarge the set for the boundless play value.

35 mm

What is Unit System?

PlanToys adopted Caroline Pratt's unit block system, using her original block size (1 1/8" x 2 3/4" x 5 1/2" or 3.5 x 7 x 14 cm) as a base and adjusting proportions as needed. This standardized system allows blocks to fit together seamlessly, encouraging children to build creatively and learn through play. For example: Colorful 40 Unit Blocks, 100 Counting Cubes - Unit Plus, etc.

Better Aging

According to the World Health Organization, 1 in 6 people worldwide will be 60 or older by 2030. Recognizing the impact of aging, PlanToys launched the Plan Wellness project in 2021 in collaboration with the Thailand National Metal and Materials Technology Center (MTEC) and MIT brain expert Dr. Sitttha Sukkasi.

The Plan Wellness Collection is designed primarily for older adults, focusing on three goals: stimulating specific cognitive functions, providing enjoyable and beneficial play, and fostering positive emotions. While created for seniors, children ages 3 and up can also join in, making these activities ideal for family bonding.

From over 60 ideas, PlanToys refined the collection into 8 products, offering screen-free options that help seniors stay mentally and physically active while strengthening connections with family, especially grandchildren. This collection reminds us that play is valuable at every age, supporting lifelong learning, mental vitality, and meaningful relationships.
