Sustainability and safety are very important to us. That's why most of our products are made of organic cotton. Other products are made of recycled polyester or natural materials like viscose or lyocell.

Oeko-Tex

We believe it is important to deliver high-quality, safe products. That's why all of our clothing items are OEKO-TEX certified. OEKO-TEX is a health label for textiles, referring to the safety of the fabrics and other materials used.

If a product has the OEKO-TEX STANDARD 100 label, you can rest assured that every last part of this product, every single thread, button or other accessory, was tested for harmful substances and found harmless to human health.
